With vibe coding implement the below

1)Connect to jira via api

2)Fetch the user stories from jira to generate testcases

Prompt:

Analzye my existing code base and Implement Jira integration

GO STEP BY STEP up on my approval proceed with next step

--[Mandatory] Backend first then proceed with Frontend

Instruction:

[MANDATORY] Implement Jira connectivity email,api key should be configurable

[CRITICAL] Fetch the Projects from Jira (Projects should be autopopulated as dropdown)

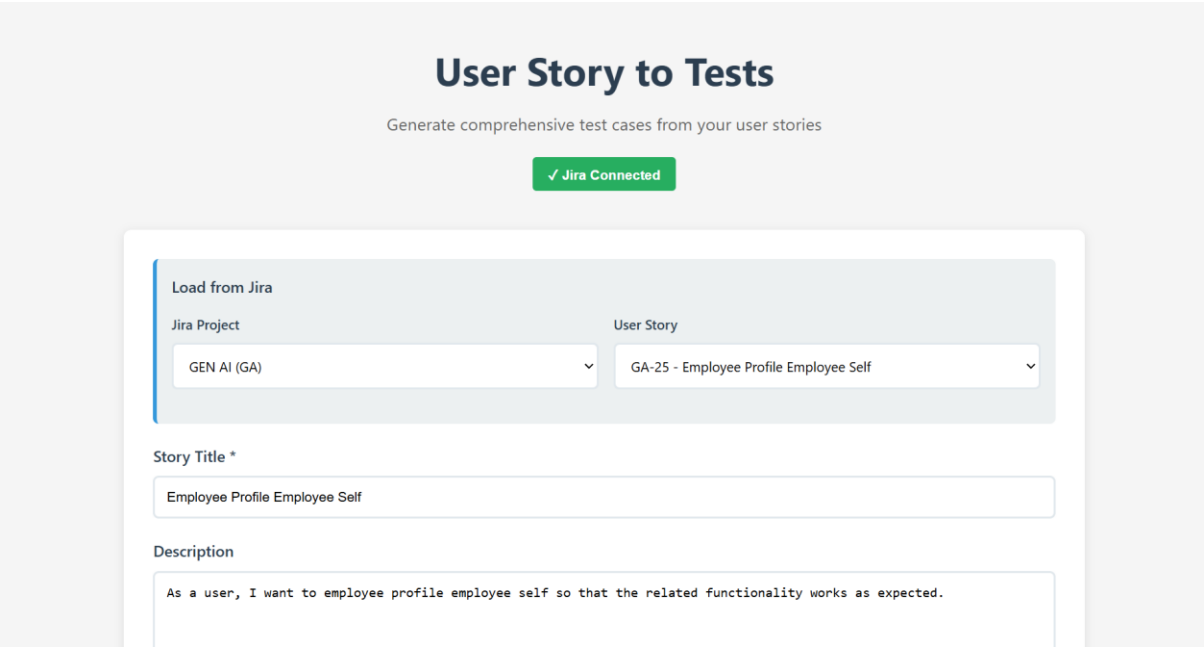
[CRITICAL] Fetch User stories for the project (user stories should be autpopulated

as dropdown)

map the Description field of the JIRA story to the Description field in UI

Map acceptance criteria of the jira story to the acceptance criteria in the UI

if acceptance criteria is not given in JIRA map the acceptance criteria field in UI with description of the JIRA story.



Story Title *

Employee Profile Employee Self

Description

As a user, I want to employee profile employee self so that the related functionality works as expected.

Acceptance Criteria *

Given the system is operational, when the user performs the intended action, then the system should respond accurately and meet functional expectations.

Additional Info

generate only positive testcases

Test Case ID	Title	Category	Priority	Expected Result
▸ TC-001	View Employee Profile	Positive	High	Employee self profile is displayed
▸ TC-002	Update Employee Profile	Positive	High	Employee self profile is updated successfully
▸ TC-003	View Employee Profile with valid credentials	Positive	High	Employee self profile is displayed with correct details
▸ TC-004	Update Employee Profile with valid data	Positive	High	Employee self profile is updated successfully with correct details

TC-005	View Employee Profile with multiple roles	Positive	Medium	Employee self profile displays all roles and responsibilities
TC-006	Update Employee Profile with new role	Positive	Medium	Employee self profile is updated successfully with new role
TC-007	View Employee Profile with historical data	Positive	Low	Employee self profile displays historical data
TC-008	Update Employee Profile with corrected data	Positive	High	Employee self profile is updated successfully with corrected details
TC-009	View Employee Profile with linked accounts	Positive	Medium	Employee self profile displays linked accounts
TC-010	Update Employee Profile with new linked account	Positive	Medium	Employee self profile is updated successfully with new linked account
TC-011	View Employee Profile with notifications	Positive	Low	Employee self profile displays notifications

TC-011	View Employee Profile with notifications	Positive	Low	Employee self profile displays notifications

TC-012	Update Employee Profile with notification preferences	Positive	Low	Employee self profile is updated successfully with notification preferences
TC-013	View Employee Profile with performance metrics	Positive	Medium	Employee self profile displays performance metrics
TC-014	Update Employee Profile with performance goals	Positive	Medium	Employee self profile is updated successfully with performance goals
TC-015	View Employee Profile with training and development	Positive	Low	Employee self profile displays training and development
TC-016	Update Employee Profile with new training	Positive	Low	Employee self profile is updated successfully with new training
TC-017	View Employee Profile with performance reviews	Positive	Medium	Employee self profile displays performance reviews

015	and development	Positive	Low	development
TC-016	Update Employee Profile with new training	Positive	Low	Employee self profile is updated successfully with new training
TC-017	View Employee Profile with performance reviews	Positive	Medium	Employee self profile displays performance reviews
TC-018	Update Employee Profile with new performance review	Positive	Medium	Employee self profile is updated successfully with new performance review
TC-019	View Employee Profile with documents	Positive	Low	Employee self profile displays documents
TC-020	Update Employee Profile with new document	Positive	Low	Employee self profile is updated successfully with new document
